Non-salary budget:	\$17,870.40%	20% or less
Total Budgeted:	\$89,352.00%	100%

Plans for Spending

The proposal for Prop 28 expenses will be used for art and science programs to pay for instruction, training, supplies, materials, and costs associated with our programs. The instruction costs will be used for staff and professionals to bring academic experiences in the arts and science to our students. For the arts, we are planning art instructors from John Muir and the county, as well as, performing arts, painting, ceramics and crafts. We are hoping to be able to bring a Disney Theater experience for our students. This will include an upgraded speaker system for the performance. In science we will have instruction in 3-D printing, Science Olympiad, and robotics. Legos have been purchased for some science lessons. The staff will be able to plan many enrichment activities with the available funds for the arts and science.
